

# Freddie's Neighborhood Scavenger Hunt

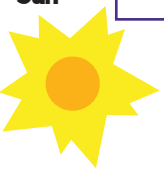

## Supplies Needed:

1. Two Empty cardboard toilet paper rolls
2. Duck Tape
3. Paint or Markers
4. Any type of string
5. Scissors

## Directions:

1. Pull off any little pieces of toilet paper still left on the roll. Glue one strip of hot glue across a toilet paper tube longways, and then stick on another tube parallel to it to form the base of the binoculars. Press together for about 10 seconds to secure it as the glue dries.
2. Using your paint or markers, paint/color a couple coats onto the binoculars, making sure to cover sections. Let dry.
3. Once dry, measure how long you would like your string, yarn, twine, etc. to be, and cut to that size.
4. Wrap a piece of duck tape around the binoculars, tucking the string into the tape on each side of the binoculars to secure it.
5. Ask your parent to go on a walk in the neighborhood or outside of your home and find the items in the scavenger hunt.

## How many items can you find?
